General George C. Marshall
The Secretary of Defense
Washington, D. C.

Dear General Marshall:

25X1

Your letter of 25 May 1951 concerning the possible use of [redacted] by the Central Intelligence Agency as a training site is in hand.

I note that Colonel Hamitt Nations has been appointed by Secretary Pace to represent the Department of the Army in discussions with this Agency. I am appointing Major General W. G. Wyman, one of my Assistant Directors, to discuss this installation from an Agency point of view.

For your information I am enclosing a copy of the Central Intelligence Agency's position in this matter, which is being discussed in detail with Colonel Nations.

I greatly appreciate your personal interest in this assignment which is of particular concern to us.

Faithfully yours,
